The image shows three promotional banners for 2011 Gaokao (College Entrance Examination) review materials. Each banner has a title and a subtitle, and a date below it.

- Left Banner:** Title: 2011 高考英语 (2011 Gaokao English); Subtitle: 一轮复习基础专题 (First Round Review Basic Special Topic); Date: 2011 05 20 10:00:00.
- Middle Banner:** Title: 2011 高考物理一轮 (2011 Gaokao Physics First Round); Subtitle: 复习相互作用、热学 (Review Interaction, Thermodynamics); Date: 2011 05 20 10:00:00.
- Right Banner:** Title: 2011 高考 (2011 Gaokao); Subtitle: 历史一轮复习课件 (History First Round Review PPT); Date: 2011 05 20 10:00:00.

[illegible]

The diagram illustrates a 10-bit shift register with two feedback configurations:

- LFSR Configuration (Left):** Feedback is taken from the 10th and 9th bits and XORed to feed into the 1st bit.
- Fibonacci Configuration (Right):** Feedback is taken from the 10th and 3rd bits and XORed to feed into the 1st bit.

Each bit is represented by a box with a label (0000 to 0009) and a value (0 or 1). The output of the 10th bit is labeled "Output".
